

To Whom it may concern,

Lateral Flow Testing for Personal Care Assistant - Identification

Scottish Government guidance confirms that Personal Assistants should continue to test for COVID-19 using Lateral Flow testing kits twice weekly and that these kits can be collected free of charge for all Social Care staff, including Personal Assistants, from the local hubs.

Please accept this letter as confirmation that this letter holder provides Health and Social Care Services to me as an Independent Living Fund (ILF) Scotland recipient.

Personal Assistant

I confirm that provides me with essential care services and social support.
