

Freedom of Information (FOI) Request

Reference Number: FOI-180926

Fulfilment Date: 15/10/2026

Topic: Software Subscriptions and Expenditure

Request:

- 1) If Independent Living Fund Scotland maintains any of the following, please provide the current version of:
 - a software asset register or application register; and / or
 - an ICT or digital contract register

- 2) For the financial year 2025 / 26, please state the total expenditure on products and services originating from each of the following:
 - (a) Microsoft;
 - (b) Oracle; and
 - (c) Amazon Web Services

Please include spend made through a reseller, licensing solution provider, systems integrator, managed service provider or public sector framework, as well as any spend made directly with the supplier.

- 3) As at 31 March 2026, please state the number of licences or subscriptions held for each of the following categories:

- Microsoft Windows (desktop and server operating systems);
- Microsoft 365 / Office;
- All other Microsoft products (including Dynamics, SQL Server and Azure subscriptions);
- Oracle database products;
- Oracle application products; and
- All other Oracle products

If licences are held under an enterprise agreement or similar arrangement that does not record a per-user count, please say so and give the metric that is used instead.

- 4) For the financial year 2025 / 26, please detail:
- (a) the total expenditure on all software licences, subscriptions and cloud services; and
 - (b) a list of every software or cloud supplier on which Independent Living Fund Scotland spent more than £50,000, with the amount spent on each.

Response:

- 1) ILF Scotland does not currently maintain a software asset register or application register or an ICT or digital contract register.
- 2) For the financial year 2025 / 26:
 - ILF Scotland's expenditure on Microsoft products totalled £111,380.14;
 - ILF Scotland's expenditure on Oracle products totalled £0; and
 - ILF Scotland's expenditure on OutSystems totalled £111,390.75. This includes expenditure on Amazon Web

Services. ILF Scotland are unable to break this figure down to specify expenditure on Amazon Web Services alone.

- 3) As at 31 March 2026, ILF Scotland had:
- 98 licences for Microsoft Windows (desktop and server operating systems);
 - 89 licences for Microsoft 365 / Office;
 - 5 licences for all other Microsoft products (including Dynamics, SQL Server and Azure subscriptions);
 - 0 licences for Oracle database products;
 - 0 licences for Oracle application products; and • 0 licences for all other Oracle products
- 4a) For the financial year 2025/26, the total expenditure on all software licences, subscriptions and cloud services was £309,461.75.
- b) The following list details the software or cloud suppliers on which Independent Living Fund Scotland spent more than £50,000, with the amount spent on each:
- Microsoft - £111,380.14; and
 - OutSystems - £111,390.75
